I would like to contribute 2 € to the solidarity fund for Eastern European choirs to subsidize their travel expenses to the Gospelkirchentag.** Yes No

* Klima-Kollekte is a carbon-offsetting fund operated by Christian churches in Germany and other European countries. Klima-Kollekte provides opportunities for offsetting the unavoidable emission of greenhouse gases.

** The Eastern European gospel community is thriving and boasts some of the finest musicians in gospel music. Due to the costly travel expenses for the long trip to Germany, few choirs were able to come to the Gospelkirchentag in the past to present the thrilling variety of Eastern European gospel music. The solidarity fund subsidizes the travel expenses for Eastern European choirs to ensure a truly European experience at the Gospelkirchentag.
